BACKGROUND

The Washington Small Business Fair, or “Biz Fair,” began in 1997 as a collaborative effort of local, state, and federal government agencies and local trade organizations. The aim was to put on a free, **one day one place** event for aspiring and current small business owners to gain access to the knowledge and resources they need to start, grow, and thrive. After a successful first Biz Fair in 1997 and continued demand from the small business community, the partner agencies formed an ongoing Biz Fair Planning Committee that has organized the event every year.

The Biz Fair has been comprised of two parts:

BizFair exhibitors: Where attendees gain valuable access to free small business information from the Biz Fair exhibitors. Resource Center Exhibitors include local, state, and federal government agencies, as well as non-profit and community organizations that support small business. Digital Market Exhibitors include for-profit companies who have critical services for small business.

Seminars: Where attendees sharpen their business skills by attending 60-minute seminars taught by savvy business experts who share their knowledge and real-life experiences. Examples of previous sessions:

- Small Business Ownership: Tips for Success.
- Starting a Business.
- Business Law Essentials.
- DIY Market Research.

About the 2021 VIRTUAL Washington State Biz Fair

GOING VIRTUAL

In 2020, just as small businesses were facing unique challenges in navigating a new and evolving “normal” because of the COVID-19 pandemic, events such as the Washington State Biz Fair transitioned from a traditional in-person to an all-virtual format. Several new opportunities were afforded to us by “going virtual” which we will leverage again in 2021.

Expanded pre and post event exposure and attendance

Pre-event: After 23 successful previous in-person events with attendance averaging between 250 – 500 attendees, the 2020 virtual event allowed us to reach 300,000+ current small business owners as well as aspiring entrepreneurs across the state of Washington.

During the event: The virtual nature of the event in 2020 enabled us to expand event attendance to 2,000 attendees from across the state. We anticipate expanding event attendance again in 2021 to 10,000 – 15,000 attendees.

Post event: The event content will also be available to attendees for three months after the end of the event.

Digital marketplace

A digital marketplace exhibitor area where for-profit companies who have critical services for small business can engage in “chats” with attendees, provide product demos and promote their products and service offerings.

Expanded networking opportunities before, during, and after the event

The virtual event environment allows for highly effective ways of connecting all attendees before, during, and after the event. During the event we will be able to establish topic or geographic-focused networking lounges/venues and then keep people connected after the event.

PROGRAMMING FOCUS - Multiple Small Business program tracks along the themes of:

- **Setting up a new business.**
- **Marketing & selling products/services.**
- **Digital marketing.**
- **Growing an existing business.**
- **Supporting key industries and local initiatives.**
- **Business resilience especially in a COVID-19 environment.**
